Safety Information

Please follow the basic safety instructions when you use our electric heated towel rail /ladder products.

Please read these instructions carefully. Keep them handy for future reference.

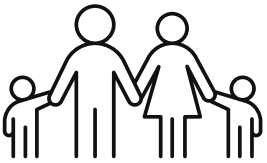

DO NOT immerse in any liquid.

DO NOT allow the power cord to make contact with any hot surface when it is working.

Check the product thoroughly **BEFORE** installation. If there is a problem,bring it to the attention of the wholesaler immediately.

WARNING: The bottom of this product MUST be installed at least 600mm above the floor in order to avoid risk of harm to young children.

- The appliance is used for warming and drying towels,therefore it is hot to touch.Young children should be supervised when the product is working to ensure that they do not touch the appliance.
- The appliance will feel hotter to touch during summer periods because of the rise in ambient temperature.The insulation effect of towels will cause the operating temperature to increase.
- The appliance should be installed so that switches and other controls cannot be touched by a person in the bath or shower.
- This appliance is ONLY used for warming and drying towels. DO NOT use it for any other purpose.
- To avoid danger this product MUST NOT be used to carry towels or any other articles that have been in contact with oil,petroleum based products or dry cleaning fluids.
- Make sure the voltage complies with the specification on the rating label,or elsewhere in these instructions.
- For your safety and others,make sure the electrical work is done by an authorised person according to AS/NZS 3000 Wiring Rules and Regulations.

Care Instructions

Note: Damage caused by improper use or negligent cleaning is not covered by warranty. Refer to warranty terms and conditions.

Every 3 weeks use a soft,clean cloth moistened with warm soapy water to clean off any debris. Dry ladder afterwards.

Fine scratches in the Chrome (only) finish can be removed with Autosol or Brasso paste,both of which are available from supermarkets and car care outlets throughout New Zealand.

DO NOT clean with any corrosive or abrasive cleaning agents,including steel wool /scourers.

DO NOT use any cleaning agents containing acids.

Warranty Conditions

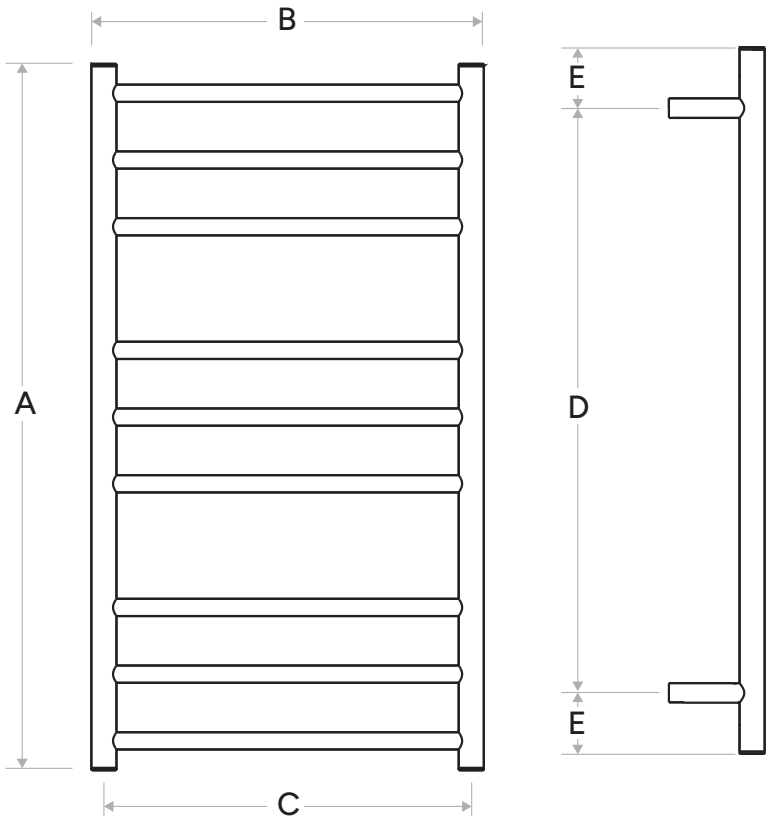

This warranty will apply only under all of the following conditions:

- The item has been installed by a qualified tradesmen.
- If failure is due to a fault in the manufacturing of the product.
- Proof of purchase (including the date of purchase) is provided.

This warranty does not cover products purchased as ex-display with out being fully checked and tested for sale by the manufacturer.
