progetto
DESIGN COLLECTION

IMPORTANT!

Please read these instructions **prior** to installation

RECOMMENDATIONS FOR INSTALLATION

progetto

ATTENTION: Failure to follow these recommendations may void the warranty. It is recommended that a qualified, licensed tradesperson install this product.

Water Pressure: 1 - 3 bar

Product performance cannot be guaranteed if pressure is less than 1 bar. Above 3 bar a pressure regulator must be installed. Failure to do so voids the product warranty.

Water Temperature: 5°- 60°C

Pre-Flush

Always flush out the pipework before connecting any tapware. Failure to do so voids the product warranty.

INSTALLATION INSTRUCTIONS

- 1 To fix the handspray holder in place, insert the rubber washer then metal washer and fasten in place with the fixing nut.

- 2 Insert the pull-out hose down through the handpiece holder and screw it into the diverter valve ensuring the washer has been used on this connection

INSTALLATION INSTRUCTIONS

progett

- 3 Note - This stage will require you to have two parts that are not included (1/2" female cap and 1/2" male nipple)

Cap off the 1/2 inch port on the diverter valve, Then connect the supplied flexi hose from the 3/8 inch port to the 1/2" male nipple and connect this to the outlet hose of the deck mount mixer.

- 4 Connect the handspray to the pull-out hose and then fix the weight to the handpray side of the pull-out hose.

- 5 Test for performance

Cleaning

Clean with warm soapy water and a smooth cloth. Avoid abrasive sponges or detergents as these will damage the finish.
